Southern Pacific F-70-16 Standard Deck Flatcar "Hydra-Cushion"; 598300; 1 car number
Car No. 598300 was built by the SP Equipment Company in May 1960 heralding a new era of protecting
oversized fragile freight. This car was built as a proof-of-concept before additional cars were developed.
This Hydra-Cushion flatcar underframe proved highly successful in protecting machinery and equipment
that can easily be damaged by slack action.
